

**Maximize Brand Visibility.
Boost Revenue.**

Even at the most competitive and crowded spots.

Welcome to our inspirational booklet filled with a selection of premium signage examples, [retail] displays and branding items from well-known clients worldwide. It is inspirational because each request is unique in brand identity, industry and visibility needs. And for each request, a new solution exists to achieve the best results.

**Getting brands ahead of the game,
that's what drives us.**

Who we are

30+ years experience in signage & displays at scale.

We help clients maximize their brand visibility with in- and outdoor premium signage, product enhancers, diverse display solutions and point-of-sale items.

Our in-house R&D, design and quality teams are experts in translating clients' needs into high-quality product solutions that get visibility at the most competitive and crowded spots.

Products are engineered and shipped at scale through a strong collaboration of product- and logistics specialists in cooperation with our global partner network.

Clients value our proactivity in developing new ideas to solve brand challenges and boost visibility. We have the honour of working with some of the biggest global brands and with local rising stars.

We think ahead and keep moving, as do the markets our clients work in.

Find out what we can do for your brand and product's growth. Get in touch with our product specialists today!

What we do for sustainability

Pioneering as a certified sustainable supplier

Proactivity sits at the core of what we do at Dekkers. We believe in action first, then talk. This proactive mindset and acknowledging our interconnectedness and shared responsibility serve as the foundation for our sustainability strategy: **Do What Matters, Together.**

Our 4 High-Impact Action Areas

- 1. Net-Zero** - We are committed to Science-Based emission reduction targets (SBTi) and a net-zero ambition.
- 2. Circularity** - We strive for maximizing circularity while minimizing emissions with a sustainable (product) design approach.
- 3. Social Impact** - We want to create a positive impact on livelihood at home and abroad.
- 4. Sustainable Employability** - We prioritize employee well-being, quality performance and engagement.
